Battery:	4 AA batteries Alkaline, Lithium or Rechargeable NiMH
Minimum bottle diameter:	22 mm
Weight (with batteries):	178 g
Dimensions:	4.3 x 4.3 x 18.6 cm
Kit contains:	Steripen Pre-Filter for removing debris from water and neoprene carrying case
Article No.:	60110058

FACTS

- Trusted on mountains and trails for over 15 years, the Steripen Classic 3 is the best-selling portable UV purifier of all time.
- Steripen Classic 3's enhanced LED indicator panel lets you know treatment size and status of batteries and UV lamp.
- The Steripen Classic 3 is sleek and ergonomic with an easy-to-remove twist-off lamp cover.
- The 40x40 micron screen Pre-Filter fits perfectly on wide-mouth one liter water bottles and removes particulates that can get in the way of UV light in water. The Pre-Filter is designed to be stored directly on a wide mouth bottle and the Steripen Classic 3 fits perfectly in the filter. Just insert the Steripen Classic 3 in the filter opening, turn the bottle upside down, and gently rock to circulate light throughout bottle.
- Ultraviolet (UV-C) light rays safely purify clear water by destroying 99.9% of protozoa (including Giardia and Cryptosporidia), bacteria and even viruses
- When the treatment is complete, LED indicators flash to let you know that the water is safe to drink.
- Approximate number of activations using the various battery chemistries:
Alkaline (25), Lithium (150) or Rechargeable NiMH (100)
